The postal delivery address indicated on our orders or subcontracted work orders shall be adhered to precisely. The supplier shall be invoiced for any follow-up costs arising from non compliance, which will become part of the supplier assessment.

3. Opening time for incoming goods

Goods may be delivered to our plants mentioned above Monday to Friday from:

7:30 – 12:00 o'clock and from 12:45 – 15:30 o'clock.

4. Shipping documents

Each shipment must be accompanied by a delivery note in duplicate which shall be attached at a clearly visible place or handed to us prior to unloading. The delivery note must contain the following data:

- a) order number and/or release order number
- b) part number / part description
- c) number of items
- d) name of supplier
- e) number of packages and number of returnable containers, if necessary
- f) gross and net weight of total shipment

5. Packaging

All packaging shall be designed to ensure sufficient protection of the goods against damage in transit. In this respect the directions and instructions contained in the “general packing regulations” shall be followed. Each individual package must carry a tag or label at a clearly visible place, providing information about the contents. The following must always be indicated:

- a) part number
- b) part description
- c) number of items

MAGURA shall not take over any costs for the return of packaging. Any shipments not conforming to the “general packing regulations” of MAGURA shall be sent back. Should this not be possible for reasons of timing, MAGURA shall handle the repacking.

The supplier shall be invoiced for any costs arising therefrom. After prior consultation, the supplier may also repack the goods for MAGURA on the MAGURA premises free of charge.

MAGURA distinguishes between the following means of transport:

a) Means of transport changing hands (pool pallets):

- pool flat pallets (FP) 800 x 1200 x 144 mm EUR DIN 15 146/47, capacity 1000 kg,
- mesh box pool pallets (GP) 835 x 1240 x 970 mm EUR DIN 15 155/56, capacity 1000 kg.

Inventories of pool pallets shall always be accounted for directly with the carrier or collecting party. The DB (Deutsche Bahn = German Railways) provisions regarding pool pallets shall apply.

b) MAGURA-owned means of transport (transport and special containers):

Inventory is kept via our own loading equipment account.

c) Disposable Package:

MAGURA reserves the right to return disposable packages at the supplier’s expense insofar as they shall not meet the specifications of our “general packing regulations”.

6. Quality at delivery

We only accept means of transport and packaging that is in flawless condition. In case of verifiable damage MAGURA reserves the right to refuse acceptance or charge a fixed sum in the amount of the replacement value.

7. Weight at delivery

The specified capacity shall not be exceeded under any circumstances:

- Pool flat pallets (FP) = max. 1000 kg
- Mesh box pool pallets (GP) = max. 1000 kg

Consignments exceeding a weight of 50 kg must be delivered on stackable pool flat pallets or in stackable mesh box pallets.

Individual packages within the means of transport may not exceed a max. weight of **15 kg**.
