November 2014

Declaration of Conformity

According to our knowledge, we hereby declare that all of our current products are in compliance with the following Regulations and Standards.

Dodd-Frank Act, Sect 13(p) of the Securities Exchange Act of 1934

We receive our material only from reputable manufacturers and remain in constant contact with all of our production material suppliers. According to our state of knowledge, the provisions of human rights and labour law are respected by our suppliers. Furthermore, they comply with strict environmental standards and prove the harmlessness of raw materials as far as possible. Therefore, our suppliers are requested to purchase the material fraction of the products delivered to us exclusively from conflict-free, respectively certified melting companies and to give us a written report of the steps taken in terms of due diligence. Thus, we knowingly do not use in our products any conflict minerals from uncertified melting companies in the conflict region.

But we cannot give a permanent guarantee, that all of our products do not contain conflict minerals.
